Based upon above results of the Company, TCI Board of Directors has decided to pay an interim dividend to shareholders at 50% (i.e. Re. 1/-) per Equity Share for the Financial Year 2019-20.

Commenting on the results, **Mr. Vineet Agarwal, Managing Director TCI** stated, "The Indian economy has been facing a slowdown due to multiple complex factors leading to sluggish demand with major impact in the Automobiles industry. Despite overall economic challenges, we continued to sustain our performance due to continued focus on strengthening our business fundamentals. At this time we are continuing to invest into training our teams, technology and strategic assets. We acquired and launched "TCI Anand", a new ship of 28,000 DWT with an investment of ~USD 6.5 Mn to bolster our presence in the West-South coast of India. We now have 7 Ships plying on both coasts of the country for container traffic creating a formidable multi modal logistics network.

Furthering our strategic goals of being a responsible corporate, our TCI Safe Safar initiative of creating health and safety related awareness amongst truck drivers has touched nearly 9000+ drivers and travelled across 6 states covering 8846 kms.

In the forthcoming quarters, factors such as stable crude-oil prices & good monsoon with growth driven policy initiatives recently announced by the government could help in demand recovery. We will continue to manage our business by driving operational efficiencies and maintaining consistent and responsible growth thus delivering sustainable results to our stakeholders."
